codygat@gmail.com

Dear Mr. Gatlin,

This office is in receipt of your response to the Board's inquiry regarding compliance with the rules and laws governing the practice of architecture in North Carolina. Based upon your written assurance, the Professional Standards Committee of the Board is willing to recommend that the case be closed with your acknowledgement of this correspondence as set forth below.

- In lieu of Board proceedings, you shall refrain from using the title "architect", architecture or any form of the word in North Carolina or in connection with offering or rendering design services for structures to be built in North Carolina.
- You shall not advertise, through marketing material or other devices, either orally, in writing or electronically, to include the internet or any form of Social Media, or otherwise unlawfully trade upon the title "architect" or architecture, until such time, if ever, as you are properly authorized by the Board to do so in accordance with law.
- You will not offer or render architectural services as defined in North Carolina General Statute 83A unless and until a current license to practice architecture under provisions of NCGS 83A of the North Carolina General Statutes and the rules adopted by the Board there under is held.
- Failure to adhere to this Letter of Warning may result in further action as follows:

§ 83A-17. Power of Board to seek injunction.

The Board may appear in its own name and apply to courts having jurisdiction for injunctions to prevent violations of this Chapter or of rules issued pursuant thereto, and such courts are empowered to grant such injunctions regardless of whether criminal prosecution or other action has been or may be instituted as a result of such violation. A single act of unauthorized or illegal practice shall be sufficient, if shown, to invoke the injunctive relief of this section or criminal penalties under G.S. 83A-16.

Sincerely,
FOR THE BOARD OF ARCHITECTURE

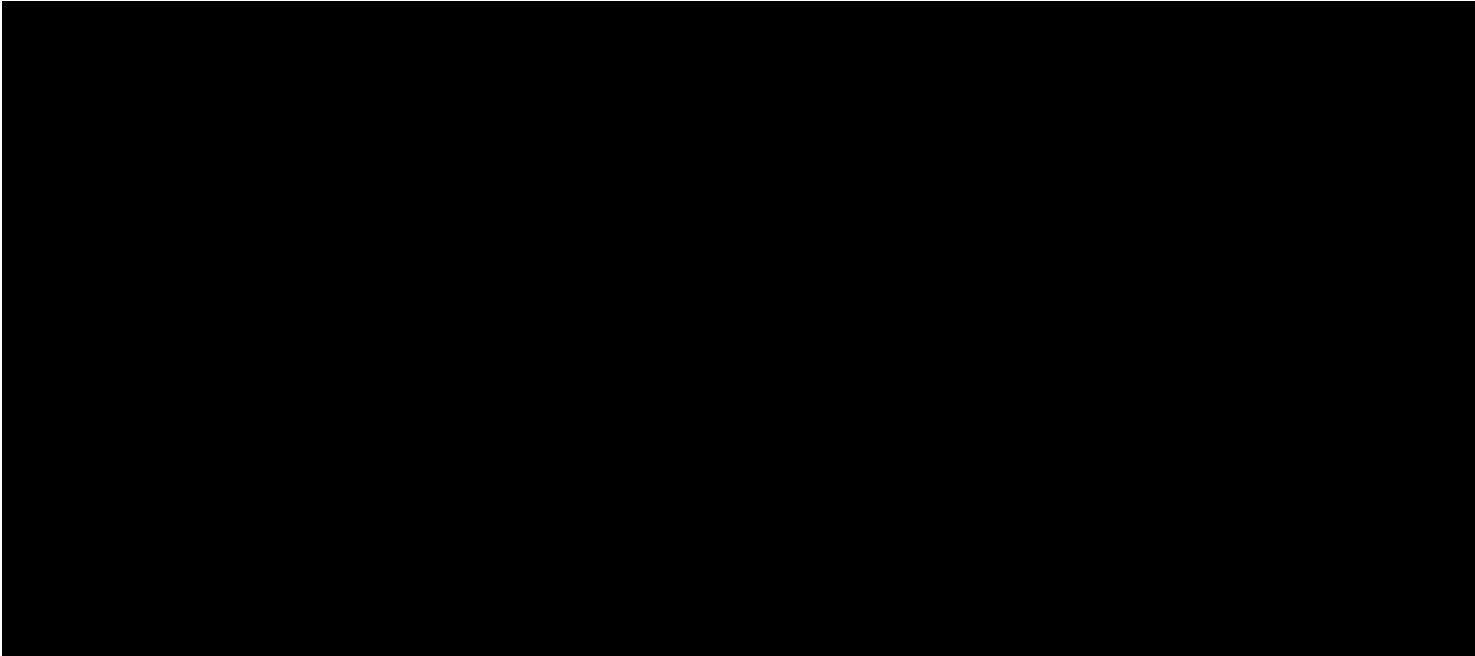

Cathie M. Evans
Executive Director

I understand and acknowledge receipt of this
Correspondence.

See attached email acknowledgement.

Cody Gatlin

Subject: Re: NC Board of Architecture Case - Gatlin

Hey Cathe,

Thank you for your help in this situation. I am happy to sign the document that you sent, if you can sign the one I've attached here as well. I want to make sure I am 100% clear on the guidelines that I need to follow going forward, and I understand that there are written codes that I can read, but I want to protect myself from the possibility of subjective interpretation of those codes in the future.

Thank you,
-CODY
